

CZAR COMMANDS  
ADVANCE, SLAYS  
WHICH ON LONG LINE

Muscovite Progress Officially Reported From Bukovina to Balcic

SPEDING UP AT CENTRE

BERLIN, Oct. 14.—Habsburgs have been captured by the German army under General von Bothmer, the War Office reported today.

PETROGRAD, Oct. 14.—Russian armies have taken the offensive by orders of Czar Nicholas along the entire front from the Baltic to Bukovina.

Continued Russian successes all along the German and Austrian lines in the Dvinsk region and in Galicia were claimed by the War Office.

All German attacks west of Hlusk, in the Dvinsk region, have been repulsed, said the statement. The Czar's forces were said to have occupied the heights northwest of Hlusk and to have beaten back a German attempt to recapture them.

Steady progress in the Russian counter-attacks on the Dvinsk front is noted in reports from the front received today.

In Galicia the army of General Ivanoff is continuing his advance. The capture of the Austro-German trenches along the Styria front permitted German troops to make a large counter-attack. These made repeated attacks against the flanks of the retreating Teutonic forces, inflicting heavy losses and capturing a number of cannons.

From the country south of the Pripet River, on the left bank of the Styria, and north of Rafalovka, the Germans have been driven in disorder, it was stated. Reference was made officially to the capture of several villages and the surrender of German prisoners and a number of guns.

Following up earlier Galician successes, the Russians were said to have occupied various important positions and to be driving the Austrians before them. The latter were described as "fighting irregularly."

The report mentioned especially a hot engagement between a Russian cavalry regiment and a force of the enemy whom the horsemen chased across three lines of Austrian trenches, cutting them down with their sabres as they fled, from the direction of Chalvorkona to the west of the Sapezh River.

SLAVS IN GALICIA BEATEN  
BACK, VIENNA REPORTS

Operations in Galicia, where the Russian assault they had launched an important success, are dismissed, says the words in the official statement, issued by the Austrian War Office, which follows:

"Near Burkanov, on the Styria (East Galicia), the Austrians before them were repulsed by Austro-German batteries."

RICHMOND TRIAL RESUMED

Letters From Accused Refuse Lend Fiancigny to Proceedings

The ecclesiastical trial of the Rev. George Chalmers Richmond was resumed this afternoon at the Church of St. Luke and the "Bible" and "Bible" near Spruce. "Bible" (testimony) was offered in the form of letters written by the clergyman defendant to Bishop Rhoades and others in church circles in an effort by Church Advocate Runk to prove that in numerous instances Mr. Richmond had violated his ordination vows and been guilty of conduct unbecoming a clergyman.

Numerous ministers were present at the trial today, and were also many lay persons, the latter attracted by the promise of interesting developments forecast by incidents of the opening session of the trial last Tuesday.

Louis R. Runk, the church advocate, is representing the plaintiffs and Edgar N. Black is presiding. Chancellor Henry Budd is presiding.

ACCUSED BY DYING WIFE

Woman Charges Husband With Kicking Her During Quarrel

Mrs. Anna Newman, of 609 Ritten street, is dying in St. Agnes' hospital, as the result, she alleges, of being kicked in the stomach by her husband yesterday at 4th and Pine streets. She had undergone an operation a short time ago and it is not expected she will recover.

According to an ante-mortem statement made by Mrs. Newman to Magistrate Toughill, her husband was in a wild rage because yesterday she had had him summoned before the Municipal Court on a charge of non-support.

According to her statement they had left the court and walked to 4th and Pine streets, her husband abusing her every step of the way. Finally he kicked her and fled. She went, she said, to the home of her mother, Mrs. Dora Feldman, at 10th and Locust streets, where nobody home, went on to St. Agnes' hospital.

BELL GOING TO SAN DIEGO

Relic Will Be Exhibited There November 12, 13 and 14

Final arrangements for the visit of the Liberty Bell to the Panama-California Exposition at San Diego, November 12 to 14 were completed at a conference today between G. A. Davidson, president of the Exposition, and Charles B. Hall, chief clerk of Select Council.

Mr. Hall, as secretary of the special committee of Council in charge of the relic trip, arranged with the exposition officials to have the relic stay at the hotel for the better part of three days. November 12 will be "Liberty Bell Day," and all of the school children of southern California will have free entrance to the fair to view the bell.

MRS. BELL SERIOUSLY ILL

Wife of Former Attorney General Suffers Relapse After Minor Operation

Mrs. John C. Bell, wife of former Attorney General Bell, is critically ill at her home, 23 and Locust streets. This morning it was said that her condition was unchanged.

An operation of a minor nature was performed last December. Mrs. Bell never fully recovered. Some time ago it was thought that the cause of her ailment was a tumor, but Dr. Edward J. B. Carnett is attending to her.

KIDNAPERS FAIL TO APPEAR

Ball Bonds of Lawyer's Alleged Abductors Ordered Sued Out

Francis Tracy Tobin, a lawyer, who was "kidnapped" while walking near his home last June, thrown into an automobile and wrapped in a blanket to prevent his being seen, got the upper hand of his alleged abductors today, when Judge Bulebreder ordered their ball bonds sued out and bench warrants issued for their arrest.

The three men failed to appear for trial on charges of aggravated assault and battery on Tobin, who asserts that he was roughly treated when they tried to "verpover" him and take him to Mount Holly to answer as defendant in a civil suit.

POLICE STOLE LOVE, SAY ANGRY HUSBANDS

Police Board Dismisses One Case and Refers One to Director Dripps

Patrolman John McKenna, of the 4th street and Snyder avenue station, faced the Police Board of Inquiry today on the charge of alienating the affections of the wife of a neighbor. The charge was brought against him in spite of an agreement signed by the plaintiff under which he was to drop the charges after receiving \$500 for his "expenses and trouble."

The agreement, signed by Walter Klauder, of 443 Durford street, was produced before the board.

Klauder testified that he had been persuaded by an unnamed man to "settle the case because it would look bad for the Organization if it got in the papers."

Both parties violated the agreement, however. Klauder failed to receive the \$500 and McKenna was obliged to stand trial. Klauder said the policeman was frequently drunk in the company of his wife, but the latter swore that her most serious relationship with McKenna was when she drank several glasses of beer with him. No decision was reached and the case was referred to Director Dripps for final disposition.

John Greber, patrolman of the 15th and Race streets station, appeared under similar charges before the board against John B. Hatcher, of 1209 E. Locust street, who, but his case was dismissed because of lack of evidence.

Patrolman George Hemmerle, of the 3d street and Fairmount station, was accused of "conduct unbecoming an officer." Miss Lydia Runk, of 1142 North 4th street, testified that she lived next door to Hemmerle. While her father was dying the children of the policeman annoyed him by their screaming. Hemmerle carried a parrot and other pets in his home, and they, too, caused annoyance to Mr. Runk, who stated that when she asked the policeman to put an end to the nuisance he ignored her request.

Serious charges were preferred against John W. Nelson, a sub-patrolman of the 4th street and Snyder avenue station. His accusers were Helen Russell, of 1209 E. Locust street, and Sadie McArdle, of 1517 South 6th street. Both girls are 17 years old.

They said that the policeman, while off duty, annoyed them while they were sitting in an automobile that had stopped, because of a slight accident, near 32d street and Parkside avenue. The Russell girl said that the man had asked her to kiss him. The case of Nelson and Hemmerle were also referred to Director Dripps.

BURNED BOY WITH X-RAYS; BERGDOLL MUST PAY \$620

"Speeder," Who Tried Experiment, Loses by Jury's Verdict

Joseph F. Shevlin, of 230 Thompson street, the 15-year-old boy, who was severely burned while he was the subject of an X-ray experiment by Grover Cleveland Bergdoll, automobile speeder and amateur aviator, Oct. 1914, was awarded \$600 damages against the latter by a jury before Judge Barratt, in Common Pleas Court No. 2 today. Owen A. Shevlin, father of the injured boy, was the plaintiff in the case.

The lad's right hand was burned in a laboratory which young Bergdoll had established in a garage in the rear of the Bergdoll residence, 212 South 28th street. In this laboratory Bergdoll had an X-ray apparatus.

According to the statement of claim filed by Shevlin, the boy was playing about the garage on the day of the experiment when he was invited inside to be the subject of an X-ray test. The lad willingly placed his hand where Bergdoll directed in a few moments the rays of the apparatus had inflamed what is known as a third-degree burn to a point two inches above the wrist.

A physician attending to the boy advised Bergdoll to save the hand from amputation. Bergdoll was not present at the trial.

LEWIS BEITLER FILES REPORT

Secretary of Gettysburg Commission Assembles Records

HARRISBURG, Pa., Oct. 14.—Lewis E. Beitler, secretary of the 50th Anniversary of the Battle of Gettysburg Commission, today assembled the records of the commission, State Librarian, his report on the printing, binding and distribution of the report on the big event which brought so many veterans of the Civil War together in the great battlefields.

With his report he filed for preservation the original manuscripts of the address delivered, the reports of participation in the various states, photographs and so on, providing a permanent record of the great reunion of the Blue and the Gray.

DEMANDS TRIAL FOR TAGGART

Prosecution Has 10 Days in Which to Decide on Next Move

INDIANAPOLIS, Oct. 14.—Special Judge Eitherton forced to an issue today the policy that the State will adopt in the cases of more than 100 men indicted with Mayor Joseph E. Bell on charges of conspiracy charges. He allowed Prosecutor Barker 10 days in which to decide on the next move.

Mr. Ryan, attorney for the defense, demanded that the court set a date for the trial of the Bell case. He also demanded the return of the indictment might be removed from him.

With the acquittal of Mayor Bell, there were indications that the prosecution might ask that the other cases be dismissed.

Notes From Commerce Reports

The world's output of copper in 1914 was 10 per cent less than in 1913. Although the recovery of copper ores by-products in America is being greatly increased, the production of copper and silver for export is restricting the amounts available for export.

The American output of sulfone is now sufficient to meet the needs of the dyestuff industry. The increase in the demand for natural Asulfone, especially "sulfone" extracted from the black oak, the only natural dyestuff indigenous to the United States.

MAN SHOTS AT WIFE AND TRIES TO END LIFE

Husband Lures Woman From Home and Later Opens Fire. Victim Cannot Recover

A man and a woman are in serious condition at St. Timothy's Hospital today following an attempt at murder and suicide by Clarence B. Culp, 23 years old, who shot his wife twice and then turned the weapon on himself. Culp also slashed his wrist with a butcher knife.

Culp and his wife had been separated about three months, the police say. He lured the woman, Mrs. Anna Culp, from her home at 438 Fleming street at 10 o'clock this morning by a letter about a drug store at Manayunk and Lyceum avenues and then walked back to the house with her.

The shooting occurred on the second-floor front room of Mrs. Culp's home. When the woman fell with one bullet through her breast and another through her neck, Culp ran into the home of Mrs. Anna Culp, a sister, and shot her with a self through the head. Then he slashed his wrist.

Mrs. Helen Bevan, mother of the injured woman, witnessed the shooting. She tried to prevent Culp from shooting his wife, and, when he thrust her aside, she ran out calling for assistance. As she reached the doorway she heard four shots, and a second later Culp ran past her, left the house by the rear door and jumped the fence into the adjoining yard.

A passing automobile was halted and in this Mrs. Culp was sent to the hospital. The police were called to recover. Police of the Germantown station arrived a few minutes later in a patrol wagon. They found Culp unconscious in the yard and were taken to the hospital.

According to Mrs. Bevan and her son, William, a brother of Mrs. Culp, the man who did the shooting got into trouble a year ago in this city. Prior to that time he had been employed by the F. R. T. as a motorman. He was arrested, however, says, accused of stealing from a department store. Because of this Mrs. Culp left him.

Three months ago a partial reconciliation was brought about. Culp agreed to go west to "make a man of himself." He had been in St. Louis most of the time he was away from this city. Mrs. Culp did not know he had returned to Philadelphia until he met her this morning.

NEARING TO BE DEAN AT TOLEDO UNIVERSITY

Dismissed Assistant Professor of Wharton School to Take Position in West

Dr. Scott Nearing, the dismissed assistant professor of economics at the University of Pennsylvania, has accepted an offer from the trustees of Toledo University and will become dean of the College of Arts and Sciences and professor of social science at that institution January 1.

Although it was known here that Toledo University officials desired Dr. Nearing's services, it was believed he had declined the offer. The reason for the announcement of the engagement today was a surprise.

When questioned today friends of Dr. Nearing in the Wharton School asserted that he would have accepted the offer some time ago, but he had declined to remain in this city until the trustees of the University explained why they dismissed him.

It was also said that Dr. Nearing never expected to leave the University and that had the trustees restored his place in the Wharton School to him he would have resigned immediately.

Although Dr. Nearing could not be reached last afternoon, his wife, Mrs. Nellie Beards Nearing, said that the report of appointment to the deanship at Toledo University was correct.

The City Committee of the new Franklin party will meet tonight at independent headquarters, 212 South 28th street, and will make the final preparations for waging an aggressive campaign in every division of the city.

The meeting will be the first held by the city body of the new party since it was organized in the city. Longstreth is chairman and T. Henry Walnut secretary.

Mayor Blankenburg will take the stump for George D. Porter, the independent candidate for Mayor, next Monday night at a meeting to be held in Town Hall, Germantown. He has announced that he probably will tell more about the charge that the Organization is planning to sell the water works if Thomas B. Smith, the Republican candidate for Mayor, is elected.

"I shall not discuss the matter at this time," he said last night when he was asked to comment on the charge made by Mr. Porter last Tuesday night. "But I may have a good deal to say thereon next Monday night. We can all recall the attempted steal of the gas works in 1905, which would have cost the city \$100,000. Many of the men behind that project are still alive. With big money at their disposal they could do many things, in fact, nearly anything, to get their hands on it. It is human nature, unfortunately."

The Mayor urged the voters of the city to rally behind Porter in a speech delivered at the 40th and Market streets carnival last night. "Porter will give you a square deal," he said.

The independent candidate addressed two meetings last night. At rallies held in front of the home of George H. Wilson, 192 East Venango street, and by the Union Hebrew Citizens' League of the 29th Ward in Auditorium Hall, 7th street and Snyder avenue, he declared that he would be the "people's Mayor" if elected.

Mr. Porter told his auditors at both meetings that he would not be a "democrat" would see to it that they are not molested at the polls on election day.

POLICE CARNIVAL NEAR ELEVENTH ANNUAL EVENT WILL BE HELD THIS WEEK AND NEXT

The 11th annual police carnival will be held on October 16 and 23 at the Philadelphia Baseball Park, 15th and Huntington streets.

The police parade will be dispensed with this year, according to Captain J. Kenney, who is chairman of the Carnival Committee. In its place a review will be held at the park on October 23, the afternoon line up on Broad street and marching into the field.

Captain Kenney explained that the committee had decided to do away with all unnecessary expenditures this year so that the Police Pension Fund could be replenished as much more. He said that last year the parade cost more than \$1000 because five additional bands had to be hired and various paraphernalia purchased. By holding a review at the ball ground the additional expense can be done away with and the music furnished by the Police Band.

Views of Convention Hall Site

Stereoscopic views of proposed sites for the Convention Hall, including the Snyder's Woods site, will be shown by Dr. George A. Hoop, of the Convention Hall Committee, at the regular monthly meeting of the Philadelphia Chamber of Commerce Association, at Owl's Hall, 300 Grand avenue at 9 o'clock tonight. The sites will be explained in detail.

Baby Drowned in Tub of Water

While his mother was momentarily absent from the kitchen today, a baby of Camden N. J. fell into a tub of water and was drowned.

SCHOOLGIRLS GO SIGHTSEEING

Seniors of West Philadelphia High Off to Washington

The senior class of the West Philadelphia High School for Girls left Broad Street Station at 8:35 o'clock this morning for a three-day sight-seeing trip to Washington, D. C. There were 100 girls in the party, and the following teachers: Dr. Mary C. Burchinal, Dr. Nellie C. Craig, Miss Alma M. Hall, Miss M. Ethel Ladd, Miss Blanche D. Price, Miss Marjorie Smith and Mrs. Parks Scholey.

The itinerary in Washington today includes an automobile trip around the city, ending at the Corcoran Art Gallery, a visit to the Pan-American Union, dinner at the Hotel Gordon and a visit in the evening to the Library of Congress.

BARRED FROM U. OF P., SUFFRAGISTS ANGERED

Express Indignation Over Closing of Houston Hall to Student Speaker

Indignation over the action of Dr. Walter T. Taggart, chairman of the Houston Hall House Committee, of the University of Pennsylvania, in refusing to grant permission to Edward R. Cheyney, a sophomore, to make a suffrage speech in Houston Hall, is expressed in suffrage camps today. The wrath of the voter-women advocates is augmented by the fact that Cheyney was granted leave to conduct a socialist meeting at the same time that permission to have the suffrage talk was withheld.

Characterizing the attitude of Dr. Taggart as typical of "the muzzling policy" seemingly in vogue at the University these days, the suffragists, a member of the Equal Franchise Society and of the Congressional Union, deplored the habit that "politicians and college professors have of mixing up their private opinions with their public duty."

"Doubtless Dr. Taggart is an 'anti,'" she said this morning, "and hates to see the suffrage propaganda spread; but it seems ridiculous to put out Cheyney on suffrage and let socialism go through it certainly was an impolitic move to make, but I am sure that the cause of suffrage will profit rather than be harmed by the action."

In the opinion of Mrs. Wilfred Lewis, president of the Equal Franchise Society, Dr. Taggart, in giving a reason for his action, should not have said "suffrage deals with a political issue." This, according to the suffragists' viewpoint, is not only a poor excuse, but an erroneous idea.

"My feeling in regard to the matter," said Mrs. Lewis, "is one of regret rather than of criticism. Dr. Taggart, secretary of the Equal Franchise Society, has announced that if the students really want a meeting she will furnish them with one of the organization's best speakers."

The situation is aggravated by the fact that a year ago Cheyney arranged, with the consent of Provost Smith, a similar meeting, at which Miss Anna McCue and her sister, Caroline Katzenstein, secretary of the Equal Franchise Society, and the suffrage sympathizers at the University cannot account for the refusal this year.

Dr. Taggart declared last night that Cheyney was refused because he came to the University as an individual and not as representative of a suffrage society. Asked whether he would throw open the doors of the hall for a rally if the request for permission came from a society, he refused to answer.

PORTER PARTY ORGANIZATION COMPLETED IN 43 WARDS

Rapid Formation of New Reform Organization Almost Finished

The Franklin party has organized throughout the entire city and has city committees in all but five wards. In the 43 wards in which the city committees have been chosen, there are ward organizations with representation in the Board of Directors.

In the remarkably short space of time the entire organization of the Franklin party title for the city and all the wards, an organization has been perfected covering virtually the entire city. This organization was organized in a campaign for the election of George D. Porter, Mayor and the Franklin party candidates for the Row and Councilmanic offices.

REAR-END TROLLEY CRASH; BOY PASSENGER HURT

Slippery Rails Cause Collision at 42d Street and Lancaster Avenue

One boy suffered a badly bruised leg and many others a severe shaking when a trolley car on which they were riding to work today had a rear-end collision at 42d street and Lancaster avenue.

A Front and Arch streets car had stopped at the corner and was discharged passengers. The motorman of a subway car following behind attempted to run up close. The brakes failed to work on account of the slippery condition of the rails and the two cars crashed together. Both were crowded with people at the time, most of whom were knocked down or from their seats by the force of the collision. Philip Hughes, a boy, sustained his injury when a number of his fellow passengers fell on top of him. He was taken to his home, 472 Wyalusing avenue. No one else was injured. The cars were damaged only slightly and continued downtown.

15 CITY WORKERS DROPPED

Electrical Bureau Employees Dismissed Because of Lack of Funds

Because of the failure of Councils to provide the \$400 asked for by Mayor Blankenburg for wages for workmen in the Electrical Bureau, it will be necessary this week to drop 15 men from the payroll of the bureau, and to curtail the activities of Chief Pike to that extent.

The wages item, according to Mayor, has never been sufficiently large, and supplementary appropriations asked for have been ignored. Workmen of the Electrical Bureau have been compelled to work overtime because of extra work in connection with the subway and a number of other emergencies that have arisen. To cut down the force at this time means to delay and seriously interrupt the public service.

SMUGGLED OPIUM SEIZED

29 Cans of Drug Found in Possession of Fireman on St. Louis

NEW YORK, Oct. 14.—Customs officials, acting on wireless advices from the steamer "St. Louis," boarded the steamer before her arrival in New York today and arrested Charles Murphy, a fireman, who they were informed, possessed a quantity in a large quantity of opium. Twenty-nine cans of the drug were found in his possession, which were confiscated by the officials.

NEW BLEACHER SEATS COST PHILS \$33,000

W. F. Baker Lost That Amount by Addition of 500 Places, Fans Say

Would any man or woman throw away \$33,000 and then venture to pass an examination by athletes as to his sanity? Well, that's what William F. Baker, president of the Phillies, did.

Baker built 500 temporary seats at the Phillies' park. For these he charged—and got—\$1 a game, \$50 a game, or \$100 for the three games staged here. The extra seats shortened Dode Paskert's territory fully 30 feet. And herein lies the trouble.

It is not necessary to recall to the fans yesterday the home runs of Duffy Lewis and "Home Run" Harry Hooper, both of which descended in the temporary bleachers, one on the fly and the other on the bounce. Followers of the Phillies say that Paskert, whose fielding has equaled the work of the Boston outfield, could easily have caught both of them.

In which respect they are backed by every Phillie fan who has been asked to give an opinion on the matter.

With the bleachers where they ought to have been—resting on rough pieces of lumber in some yard—both balls, so the dejected fans say, would have been grabbed by Paskert, and the series would have been prolonged, with the Phils on the short end of a 3 to 2 count. The game that should have been played in the Hub this afternoon would have netted at least \$80,000. Baker's club would have received \$5,000. And then, with Alexander on the mound this afternoon—who could tell? it's too sad to contemplate.

Officials of the Phillies say they simply wanted to give the fans an opportunity to see the games, and that by building the 500 seats the number of additional spectators saw the Phillies get walloped. The fans say nothing. "Wait until next year," they chant.

AGED LAWYER WINNING FIGHT WITH ANTHRAX

His Condition Improves Slightly—Another Case Suspected in Hospital

NEW YORK, Oct. 14.—Confidence was expressed at the Bellevue Hospital today that George F. Stackpole, aged anthrax victim, would recover as the result of treatment with the serum vaccine sent here from Washington.

While Mr. Stackpole's condition apparently shows improvement today, another suspected case of anthrax has developed. The victim, Martin Ebdovsky, has been admitted to Bellevue, and his condition is being closely watched by the physicians, who are deeply interested in the strange prevalence of anthrax.

Mr. Stackpole passed a favorable night, and the attending doctors declare that he has passed all danger of contracting death from a swollen throat. He is gaining in strength, and the Bellevue physicians are now more optimistic than they have been at any other time since he was admitted.

CRAMP'S MAY BUILD TWO NEW PIERS ON DELAWARE

Application for Permit Made to Director Meigs—Will Hold Hearing

In accordance with the plans for the extension and improvement of the William Cramp & Sons Ship and Engine Building Company, application has been made to the Director of the Delaware River and Bay Authority for a permit to construct two new piers fronting its property at the corner of Palmer street, on the Delaware.

The building of the piers is the initial step in the expenditure of \$200,000 to enlarge the shipbuilding facilities of the plant. The plans include the construction of two new shipways which will enable the company to accept new contracts, as the present facilities are reaching their limitations.

WOMAN DIES IN 101ST YEAR

Mrs. Isabella Donnelly, of Camden, Rounded the Century Mark on March 15 Last

A woman by whose lifetime the events of a century were unfolded died today in Camden. She was Mrs. Isabella Donnelly, who was born March 15, 1815. She died at the home of her daughter, Mrs. George Phillips, 139 Cooper street, of the infirmities of old age. Until last Friday, when her fatal illness overtook her, she had never had more than trifling illnesses.

Mrs. Isabella Brown was, when, in 1832, she left her birthplace in County Tyrone, Ireland, to come to this country. Three years later she married Bernard Donnelly at New Castle, Del. Her husband died 12 years ago. She is survived by a son, Thomas D. Donnelly, of Clayton, Del., and Mrs. Phillips are Mrs. Donnelly's surviving children.

CHAS. S. CALWELL HONORED

Elected to Board of Directors of Chamber of Commerce

Charles S. Calwell, president of the Central Business Men's Bank, was elected to the board of directors of the Chamber of Commerce, at the regular monthly meeting today. He will fill the vacancy caused by the death of John V. Sullivan.

Reports from several committees were read, and a Charity Bureau Committee appointed, with Charles Z. Tryon as chairman. A resolution protesting against the discontinuance of the pneumatic mail tube system was adopted. Postmaster General Burleson will be asked to allow the Chamber to take part in a hearing, should one be held.

PENN BORN 271 YEARS AGO

Officials in City Hall Decorate Portrait of the Founder of Pennsylvania

Two hundred and seventy-one years ago today William Penn, the English Quaker who put Pennsylvania on the map of the New World, was born.

City Hall officials remembered the date today by a heroic size portrait of the founder, hanging in the Mayor's reception room, was decorated. Above the picture is an American flag. A State flag and a city flag are at the sides and the colors of the city are draped beneath.

Two Ships Bearing U. S. Goods Seized

KIRKWALL, Scotland, Oct. 14.—The Danish steamship Virginia, which sailed from New York September 28, for Christiania, was seized by British customs officers at Kirkwall, Scotland, on October 14, for carrying a cargo of coal, has been brought here.

\$12,423,188.46 in City Treasury

City Treasurer McCaugh, in his weekly statement, shows that the receipts of his department amount to \$12,423,188.46, and the payments to \$12,423,188.46, which, with the sum on hand last week, not including the \$12,423,188.46, leaves a balance of \$12,423,188.46, the close of business on Wednesday night.

CORONER REBUKES POLICEMAN

Disbelieves Statement That Suicide's Widow Asked for His Revolver

Special Policeman Smith, of the 6th street and Woodland avenue station, was rebuked today by Deputy Coroner Sellers at the inquest into the death of Louis W. Heister, of 1121 South 23d street, for saying that the widow had asked for the return of the revolver with which Heister killed himself.

"You cannot tell me," said Sellers, "that a woman who was asked to see a weapon with which her husband had killed himself. She would never ask
